

YOUNG GENERATION SESSION CALL FOR ABSTRACT

DigiDecom 2022 - International workshop focusing on digital transformation, robotics and other game changing trends in nuclear decommissioning

If you are a **student (Bachelor or Master) or PhD** do not miss this opportunity to present your scientific work or project related to Nuclear Decommissioning or Waste Management at the **DigiDecom 2022**, taking place **October 18th – 20th**. We are offering free access to the event for five students who submit an outstanding paper. Students and PhDs who will take part online, will have the possibility to win 1 of 3 awards. More information about DigiDecom workshops is available on:

<https://ife.no/en/project/digidecom-decom-innovation-events/>

If you want to learn more about DigiDecom 2022 and the DECOM Cluster visit:

<https://decommissioning.com/events/digidecom-2022/>

The topics related to decommissioning and waste management on which you can submit a contribution are as follows:

- Digitalization and Robotics
- Competence development, education and training
- Sustainability and Circular economy
- Risks, safety and security management

Please give us **feedback by September 30th** if you would like to attend DigiDecom 2022.

John.kettler@actimondo.com (Chair of Young Generation Session)

Choose between one of the following two options.

- I want to participate with an oral presentation, on-site in Halden/ Norway
- I want to participate with a poster presentation, online at the atomondo hub

Please provide the information about you and your topic as Word-File.

Your name:

Name of your university / institution:

Title of your presentation:

Abstract (maximum 150 words)
